Set 'config.h' BOARD_CHOICE to UNO

supplement config guides:

20sffactory.com/robot/resource/firmware#config

```
#define BOARD_CHOICE UNO
//CHOICES:
// MEGA2560
// UNO
// WEMOSD1R32
```

If endstops are wired as “NO” (not “NC”) following 20sffactory Uno guide diagram:

define MIN_INPUT settings

```
#define X_MIN_INPUT 0
#define Y_MIN_INPUT 0
#define Z_MIN_INPUT 0
```
